Pessac, Bordeaux, FR 33600 | edwinrichardhuwae@gmail.com | +33 7 44 12 22 17

SUMMARY

Data Analytics student with 8+ years of experience in finance and project operations. Skilled in SQL (BigQuery), Python, and business intelligence tools, with a strong ability to turn complex datasets into clear, actionable insights. Seeking an internship starting May 2026 to support data-driven teams by improving reporting, enabling better decision-making, and strengthening analytical workflows.

SKILLS

Python (Pandas, NumPy, Matplotlib) • **SQL** (BigQuery) • **Looker Studio** • **Power BI** • **Tableau** • **Excel** (Advanced) • **Machine Learning** (Regression, Classification, Model Evaluation, Cross-Validation, Clustering, Random Forests)

EXPERIENCE

Amplitude Laser Group

Pessac, France

Business Intelligence Analyst Intern

June 2025 – September 2025

- Designed and optimized SQL queries in BigQuery to clean, enrich, and validate large datasets, improving reporting accuracy and reducing manual checks.
- Built interactive Looker Studio dashboards with KPIs and global filters, providing real-time visibility to operational teams.
- Collaborated with business stakeholders to understand requirements and deliver insights that supported daily operational tracking.

Lintas Intim Group

Multiple Locations, Indonesia

Project Finance and Accounting Officer

July 2015 – August 2024

- Managed budgeting, expense tracking, and financial reporting for multiple projects, improving financial clarity and reducing reporting delays.
- Supported project managers in monitoring progress and controlling costs, helping maintain alignment with approved budgets.
- Oversaw vendor invoicing, payments, and contract documentation, ensuring accurate records and consistent compliance with internal procedures.

Tax Specialist

October 2010 – June 2014

- Prepared and filed tax reports with a 95% on-time and error-free rate.
